INTRODUCTORY NOTE.

VERY little by way of Preface is required for the present volume. It has been prepared on the same principles as those laid down for the *General Index* to the first twenty volumes of the Society's *Collections* published in 1914: and as the Indexes to individual volumes after that date were compiled on the same plan, the chief task has been that of combining these into a single homogeneous whole. This task was entrusted by the Council of the Society to Mr. S. Lugar. The Editor of the previous volume, Mr. M. S. Giuseppi, I.S.O., F.S.A., while not undertaking editorial responsibility, has been good enough to look over the proofs and make a number of valuable suggestions; and for the *Classified List of Illustrations* the Society is again indebted to Mr. Mill Stephenson, F.S.A. The present writer has undertaken the general arrangements for printing.
